Our Docket No.: 2001-IP-004288/AHALL.0138

Dear Sir,

Per our phone call to the USPTO today, enclosed is a copy of the Updated Filing Receipt we received for the above-referenced patent application. The number of drawings listed should be 14, as indicated in the Request for Corrected Filing Receipt filed on May 28, 2002 (copy attached). We respectfully request for correction and await the issuance of a new corrected filing receipt.

**C/M#** AHALL.0138

**Logged Date:** October 2, 2002 **By:** Sarah Lau

**Please contact us at 972.367.2001 if you do not receive all pages indicated above or experience any difficulty in receiving this facsimile.**

*This Facsimile is intended only for the use of the addressee and, if the addressee is a client or their agent, contains privileged and confidential information. If you are not the intended recipient of this facsimile, you have received this facsimile inadvertently and in error. Any review, dissemination, distribution, or copying is strictly prohibited. If you received this facsimile in error, please notify us by telephone and return the facsimile to us immediately.*

TRANSMITTAL  
REQUEST FOR CORRECTED FILING RECEIPT

Applicants hereby respectfully request correction of the following in the Filing Receipt:

Drawings: ~~13~~ 14

It was confirmed in our phone conversation with Monica at USPTO application branch (703.308.1202) that fourteen pages were scanned into USPTO's computer system, instead of thirteen pages as indicated on the Filing Receipt.

No extension of time is believed to be due, but any necessary extension is hereby requested. No fee is believed to be due, but the Commissioner is hereby authorized to charge any necessary fee to Deposit Account No. 50-0392 of Carstens, Yee & Cahoon LLP.

DATE: MAY 24, 2002

Respectfully submitted,

CARSTENS, YEE & CAHOON, L.L.P.

## UPDATED FILING RECEIPT

\*OC000000008234277\*

Date Mailed: 06/05/2002

Receipt is acknowledged of this nonprovisional Patent Application. It will be considered in its order and you will be notified as to the results of the examination. Be sure to provide the U.S. APPLICATION NUMBER, FILING DATE, NAME OF APPLICANT, and TITLE OF INVENTION when inquiring about this application. Fees transmitted by check or draft are subject to collection. Please verify the accuracy of the data presented on this receipt. If an error is noted on this Filing Receipt, please write to the Office of Initial Patent Examination's Filing Receipt Corrections, facsimile number 703-746-9195. Please provide a copy of this Filing Receipt with the changes noted thereon. If you received a "Notice to File Missing Parts" for this application, please submit any corrections to this Filing Receipt with your reply to the Notice. When the USPTO processes the reply to the Notice, the USPTO will generate another Filing Receipt incorporating the requested corrections (if appropriate).

Projected Publication Date: 09/04/2003

Non-Publication Request: No

Early Publication Request: No

## Title

Valve and position control using magnetorheological fluids

## Preliminary Class

507

---

**LICENSE FOR FOREIGN FILING UNDER  
Title 35, United States Code, Section 184  
Title 37, Code of Federal Regulations, 5.11 & 5.15**

**GRANTED**

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

**NOT GRANTED**

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
